

ROME, July 26. — Mussolini has 75,000 men camped within easy marching distance of the Austrian frontier, and upon his instructions they are in readiness to move on a full war footing. Four army divisions, each with a strength of about 8,000 men, have been ordered to points along the Austrian frontier, it was stated by an official communique issued late today.

MINNEAPOLIS, July 26. — Military rule was declared at 12:30 p.m. (C.S.T.) today by Governor Floyd R. Olson, acting, he said, to "maintain law and order" in the Minneapolis truck drivers strike.

SYMPATHY IS NO SUBSTITUTE

FOR GRAVEL

A delegation representing the Edmonton

Chamber of Commerce and the Alberta Motor

Association was given a "sympathetic hearing"

when it waited upon Premier Reid and Hon.

J. J. MacLean to ask for improvement of the

Jasper Highway from Edmonton to the Park.

Sympathetic hearings were also given to

similar delegations, times without number,

during the last four years when they waited

on the professional and political gentlemen to

make the same request. But all that has

followed this sympathetic listening is the

Jasper Highway at it stands today.

It is time for something more effective on

the part of the Government of Alberta than

the courteous reception of delegations asking

that this ghost highway be translated into a

reality. Action, not attitude, is what is re-

quired.

Motor cars cannot skim across mud-holes

on the strength of implied promises or prospects

that some time these may be filled up.

Sympathetic pointing and nodding does not fill

them with gravel. The tourist party stranded

in a ditch forty miles from "anywhere" is not

extricated from the predicament by the pleasant

reflection that gentlemen in the ministerial

offices at Edmonton will regret to learn of their

misadventure.

If the Reid Government wants to establish

a clear distinction between itself and the

Government of the Province of Alberta, let it

place to begin with the Jasper Highway, and

no better way to begin than by a straight

statement that it will "go after" the Dominion

Government for a loan of money with which

to complete that visionary project during the

present summer, as a standard, all-weather

highway all the way from Edmonton to Jasper

Park.

HUNGER VERSUS BOND

INTEREST

The Dominion Government is evidently of

the opinion that the Dominion Government of

Alberta has materially improved, however it

may have arrived at that remarkable conclusion.

This is the only assumption which can

explain the decision to cut down federal con-

tribution to debt service from the beginning

quarter, and to cut off contribution entirely at

the middle of August.

However the Ministers may have acquired

the notion, this is the only supposition on which

their action can be understood. They are

evidently of opinion that this and other cuts

need less assistance than last year, not merely

less in bulk but less in interest. There is

even a suggestion of a feeling that the Dom-

inion is being made the "good" and paying a

share of the cost which should come out of

the pockets of the taxpayers.

If any such idea prevails at Ottawa, the

figures of relief cost in Edmonton, compared

with that of a year ago, should correct the

misunderstanding. Up to Monday, the expendi-

ture for relief in Edmonton since the beginning

of this year was \$597,338.82. At the same date

must be plain enough to everybody outside its

office what it really is doing. It is reminding

the public that Mr. Brownie made the con-

spiracy claim his Hindenburg line of defence

and when the time for proof arrived, abandon-

ed that claim as untenable, without making

a single attempt of any kind to substantiate it.

When the statements of claim were filed by

the plaintiffs last fall, the defendant immedi-

ately stated in Ottawa that he was glad the

suit had been entered, and in support was

that to be given him to bring out the facts,

and when he showed the whole action to be

a "conspiracy."

The conspiracy idea was broadcast, whis-

pered, and strewn everywhere and by every

POEMS THAT LIVE

"IF SHE BUT KNEW"

If she but knew that I am weeping

Still for her sake,

That love and sorrow grow with keeping

Still for her sake,

That love and sorrow grow with keeping

My heart that breaking will adore her,

Be there and die;

If she but knew that I once implore her,

Would she not die?

And would she not?

If she but knew that it would save her

Her voice to hear,

Saying she pitied me, I begone me,

Must she forbear?

Till she were dead, I would I was dying,

Would she be dumb?

Could she content herself with sighing?

Would she not come along with us and show us the

way?"

—Arthur O'Shaughnessy.

Political freedom should include the right to

be free to give of your substance to advance the

cause in which you are interested. But the

person who is not interested in the organization

making such a contribution should be ready to

let the world know that they have made it, and

why. That is the kernel of the whole matter.

—Regina Leader-Pastor.

When he returned two weeks later I asked

how far he had made on the trip.

"Just Secret Cove," he said.

Stealing in by moonlight, he and his bride fled

captives to his chambers. He had taken the

cabins window next morning they took their

few days away, a deer come down to drink. To

the cabin they moved their grub and

blankets and took possession.

"I said to myself," he said, "what's the use

of going any further when you find a place that

gives you all you want? So I stayed there

there fishing and exploring till it was time to

come back."

How much more happy most of us would be

if we had wisdom enough to know when we

are satisfied, and cease seeking for more.

Since then, Secret Cove has been discovered

by many others. In addition to the few fish-

ermen who have built cottages and keep their

homes there, a number of tourists have been

bought land and built homes among the trees.

At the head of the northerly arm, a lagoon, el-

dered by a woman and her grown son have

opened a store.

"My man, he was made of a sailing ship,"

she told me. "He got tired of the sea, so he

came here. He has a boat and goes out fishing

and I keep store."

DEFENCE UNIT TO HELP DEBT LOADED FARMS

U.F.C. Delegates Approve

Canadian Press Staff Writer

SASKATOON, July 26.—The United Farmers of Canada, Saskatchewan section, last night went on record urging establishment of a defence unit to aid farmers in debt adjustment.

Adopting several other resolutions on debts and relief, the annual convention also endorsed the resolution to form a defence unit. The unit would be given further consideration at the Farmers-Labor group session opening Friday.

SOME ESTABLISHED
Already some defence units have been established in other provinces. The step formally was endorsed in view of federal and provincial legislation "to facilitate compromise between farmers and creditors" on debts.

FARMERS HANDICAPPED
Individual farmers, it was contended, were handicapped and were being treated in dealing with highly trained men who represented creditors. The defence unit would be composed of "capable and representative" men who will prepare themselves to efficiently represent farmers when appearing before debt adjustment tribunals or a court of review.

United farmers' leaders were asked to take the initiative in calling together other organized bodies within their districts in order that the defence units will be organized with the widest possible representation.

A fond cherio, and good-bye Judith Moss of Winnipeg, typifies here the cheerful attitude of the Canadian British Empire Games contingent as they pull out of Toronto for their invasion of England and the empire games in London next month. They'll be gone for several weeks and when they come back they'll be loaded down with medals and honors—we hope.

DOUBLE HEADER GAME AT TROCHU

TROCHU, July 26.—Trochu Valley All Stars and the Drumheller Commercials played a double header here at Trochu stadium Wednesday, in the first round of the provincial play-offs in intermunicipal baseball. After having dropped the first game 4-0 to the Drumheller diamond, Sunday last, the Trochu team defeated Drumheller 3-1 in the afternoon game here yesterday, but dropped the twilight fixture 1-7.

The afternoon game, one of the best ever played here, featured errors by Trochu which helped the visitors come after the first inning. Schalin held the Commercials to five scattered hits. D. Hecker pitched splendid ball for Drumheller but three errors by his team made perfecting costly.

J. Hecker carried off batting by striking out three in the fourth to the plate. Ed Schalin, Trochu's pitcher, was right brained when he drove into a single, a double, and walked once in four trips to the plate. Brown drove out in the first inning and was brought in by a single by J. Hecker to score the visitors' only run.

K. Kilde registered a triple in the fifth, scoring Hanson, but was called out for failing to touch second. Trochu's fourth run were scored in the fourth and eighth.

Batteries: D. Hecker and McKinlay for Drumheller.

Schalin and Lowman for Trochu.

In the second game Trochu gained an early lead which they held up until the ninth inning when the visitors registered three runs as a result of two hits and two errors to win the game 8-7, and the final round of the playoffs. Heavy hitting was featured by the teams. Drumheller getting 12 and Trochu 11 hits. Robertson registered three singles in five trips to the plate while Hughes were driven out by W. Schalin, E. Schalin and Hawkins. E. Schalin also drove out a batter.

Batteries were: Vokoroff, Rainey, Beck and McKinlay for Drumheller, and Mathers, E. Schalin and Lowman for Trochu.

FARMERS VOTE TO AVERT WAR

SASKATOON, July 26.—Taking cognizance of threats of world war the ninth annual convention of the United Farmers of Canada, Saskatoon section, last night declared in favor of Canadian neutrality no matter what the belligerents might be.

The resolution declared permanent world peace could only be established through the abolition of competition and the establishment of the co-operative state. The resolution also stated that Canada should refuse to bear arms in support of the League of Nations as presently constituted.

Industrial action, such as the general strike, and refusal to bear arms were declared as advisable steps to prevent the entry of Canada into armed conflict. The resolution, similar to the one adopted last week at the national convention of the Co-operative Commonwealth Federation in Winnipeg, was passed without debate.
